2007 NEWSLETTER

Did you know that **296 children got to live today** rather than die in a horribly painful abortion! **A new baby is saved every five minutes!** The question is **how much is each life worth?** The value of that life saved starts with the intrinsic value of each of these innocent lives who are so full of potential! Each one is made in God's image with all that HE has planned for their days on this earth.

Will you pray about what you can do for the other 5 million children threatened by abortion in 2007? Did you know \$75 underwrites one full day of this outreach? That's right! Even a gift of \$10 a month will help save a possible 12 children threatened by abortion. A gift of \$30 will help save 36 of these precious children every day.. A gift of \$75 will save on an average 296 children! Imagine what a gift of \$1000 or \$5000 or \$10,000 will mean to the future of this nation **These are children are the future!** They are the most vulnerable and most targeted for death. They are completely defenseless unless someone like yourself cares for them before they are born. Their life depends upon the decision of the mother. Thus, the Last Harvest's proven strategy has always been to **build a bridge of trust with the mother so that we win the baby by default.**

Please visit www.lastharvest.org and download our 2007 Newsletter

Learn how **Last Harvest has saved 105,391 of these innocent lives!** Discover how our powerful early-intervention model is helping thousands find help in their time of need every day! **Join our team, today!**

Like a drop of water, your support of Last Harvest will become a **wave of hope and help** to the women of the world seeking our help.

Because you **believe** in the outreach of Last Harvest , when you **tell your friends** at church, your neighbors, your family;

they in turn tell their friends and neighbors and family.

As more people learn about our life-saving and life-changing services that they too **will join the support team**.

Together, we will make a difference this year

Look at the results of last year!

Our core family of websites had an incredible result this year.

Domain Name:	Unique Visitors	Estimate abortions intervened	Nations Visited
www.thepregnancytest.com	219,991 (avg 18,000 mo)	89, 579	150 nations

In one year, **365, 686 unique visitors** to our family of websites. Based on a conservative estimate based on exit surveys, **105,391 abortions were interrupted**. This means **105,391 boys and girls** are already or will soon be on this earth in 2007 . This means that on an average day, **Last Harvest is “harvesting” human souls at the rate of 296 babies a day!** How much are those human souls worth?

How many more could we reach with your support? Do you know that one day of operations of Last Harvest Ministries, Inc. **only costs \$75.00?** Did you know that **just 30 LIFE PARTNERS** would meet our annual budget. Of course, not everyone can afford to invest in a day’s support, which is why we encourage you to pray about underwriting one hour of life-saving operation. Each hour is valued at \$10 per month.

How many hours will you sow your seed into? **Each hour of operation, 12 possible abortions can be prevented.** Imagine for the cost of taking your family out to eat, you can be rewarded with the saving of 12 abortions every day! That means in heaven, your account would be credited with 360 lives a month or 4,320 a year!!!! **Sow your seed for life!**

Then, as your seed is watered, Last Harvest is able to harvest the souls once targeted for sure death!

JOIN US TODAY! DON’T DELAY! DO IT TODAY!
